CERTIFICATE OF GOOD MORAL

CERTIFICATE OF GOOD MORAL CHARACTER

This is to certify that the students listed below have **NO PENDING CASES** or any derogatory **RECORDS** with this office. They are as follows:

1. MARIENELLA REGGIETTE M. ODVINA
2. ALEXANDER JON S. SOLIS
3. JAMES ALFRED C. PARCO
4. DAPHNE LOIS B. GUSTILO
5. SHEILA LORRAINE G. QUINTERO
6. LEINAD CLARK M. DELA CRUZ
7. JHANE ROSE U. SADICON
8. BERNABE L. SUMCIO JR
9. JOCELYN B. PARANE
10. MARCO IAN C. JARAVATA
11. JAMES SCOTT N. BARONIA
12. MARVIN C. LANIOG JR
13. SEAN MAVERICK A. VIRATA
14. IZABELA DORRINE P. RONQUILLO
15. JOHN BENEDICT G. ANDAYA
16. CHRISTEL JEAN C. PABLO, and
17. BILL GEDRICK D. GRIAR

This certification is issued upon their request for whatever legal purpose it may serve them best.

Issued this 10th day September 2025.

JOSEPH AMELITO A. COYOCA, JD
College Prefect of Discipline

Not valid
without
School seal

FOR : **KRISTINA ROSE G. CARLOS, RGC, RPm**
Head, Student Affairs and Services
Dean, Student Affairs

FROM : **MS. MARIBEL S. SANDAGON**
Adviser, Junior Philippine Computer Society OIC, College of Computer Studies

SUBJECT : Letter of Acceptance

DATE : September 10, 2025

Greeting of Peace!

As we understand the importance of an adviser in an organization, we would like to express our sincere intention as JPCS Adviser for the School Year 2025-2026. Rest assured, we will uphold the constitution and by-laws of the organization and promote a sense of leadership among its members.

Thank You!

CERTIFICATE OF ELIGIBILITY

CERTIFICATION

This is to certify that the **JUNIOR PHILIPPINE COMPUTER SOCIETY** has submitted the Student Organization Accomplishment and Compliance Report for SY 2024-2025 and is cleared, and eligible to apply for re-accreditation for SY 2025-2026.

This certification is being issued as a requirement for re-accreditation purposes only.

MS. KRISTINA ROSE G. CARLOS, RGC, RPm
Head, Student Affairs and Services
Adviser, Supreme Student Council

H1. CONCEPT PAPERS S.Y 2024-2025

CONCEPT PAPER FORM

College of Computer Studies Students' 1st Semester General Orientation S.Y 2024-2025: "Future-
Proofing Your Career: Navigating the A.I Revolution"
Monday, September 30, 2024 | 1:00 PM – 4:00 PM | UPHSD Molino – New Gymnasium

DESCRIPTIONS	The College of Computer Studies' 1st Semester General Orientation for S.Y. 2024-2025, themed "Future-Proofing Your Career: Navigating the A.I. Revolution," aims to provide students with essential information about upcoming events, IT-related examinations, and key college activities. This orientation is designed to ensure that all students are well-prepared for the semester, offering insights into how to effectively manage their academic and career pursuits in the evolving field of IT. Through this session, students will gain a clear understanding of the resources and opportunities available to them, helping them to navigate their academic journey with confidence.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
	1. To introduce the Microsoft examinations that help students to certification for their career. 2. To inform students about the upcoming events within the College of Computer Studies for the 1st semester of S.Y. 2024-2025. 3. To provide clear guidance on Microsoft examinations, including preparation tips, and resources to help students succeed in their career pursuits. 4. To introduce the faculty members and student council, ensuring students know the key figures who will support and guide them throughout their academic journey.	1. Students will understand the significance of Microsoft certifications and how these examinations can enhance their career prospects in the IT industry. 2. Students will be well-informed about the upcoming events and activities within the College of Computer Studies, enabling them to participate actively and make the most of their semester. 3. Students will gain practical knowledge on how to prepare for Microsoft examinations, including access to tips and resources that will help them achieve certification and advance in their careers. 4. Students will be familiar with the faculty members and student council, knowing who to approach for academic support, guidance, and leadership throughout their time at the college.

CONCEPT PAPER FORM
CompTia and IC3 Certification Examination
May 27-31, 2024 Monday-Friday | Computer Laboratory M-209 & M-210

DESCRIPTIONS	The College of Computer Studies will be conducting two certification examinations during the upcoming second semester of the academic year 2023-2024. These examinations include the CompTIA IT Fundamentals (ITF+) & Cloud Essentials Training and Examination in partnership with our esteemed industry partner, Sophies Information Technology Services (SitesPhil) / CompTIA Philippines. Additionally, the IC3 Certification Examination will be facilitated through our valued industry partner, Innovative Training Works.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY - To helps students to decide if a career in IT is right for them or to develop a broader understanding of IT. - To identify cloud networking concepts and storage techniques, and understand cloud design aspects. - To learn fundamental skills and knowledge related to essential computing and internet usage.	LEARNING OUTCOMES - The student will gain insight into various career paths within the field of Information Technology (IT) and to Evaluate personal interests, skills, and aptitudes in relation to different IT career options. - Students will develop a comprehensive understanding of cloud computing, including its key characteristics and various types of cloud services such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS). This understanding will enable them to grasp cloud networking concepts such as virtual networks, subnets, and routing. - The students will develop competence in using word processing software to create, edit, and format documents and the Utilization of spreadsheet software for tasks such as data entry, manipulation, and analysis.

13th I.T Skills Olympics "Augmenting Security Towards the Techno-Utopia"
Friday, November 22, 2024 | 7:00 AM – 7:00 PM | University of Makati

DESCRIPTIONS	The 13th I.T. Skills Olympics 2024, hosted by the University of Makati's College of Computing and Information Sciences, is an annual competition that brings together students from various higher education institutions across the Philippines to showcase their expertise in information technology. With the theme, "Augmenting Security Towards the Techno-Utopia," the event focuses on promoting innovation, security, and excellence in IT. The competition will feature categories such as programming, cybersecurity, web design, networking, and more, fostering camaraderie and skill development among participants.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
	1. To develop students' technical expertise in IT fields like programming, cybersecurity, web design, and networking through competitive challenges, encouraging them to excel in critical areas of the industry. 2. To promote collaboration and innovation among IT students from different institutions, fostering camaraderie and teamwork in categories like Android development and E-Sports, while learning from each other. 3. To emphasize the importance of cybersecurity and emerging technologies, encouraging students to explore secure solutions in categories like cybersecurity, Linux administration, and IoT, in line with the theme "Augmenting Security Towards the Techno-Utopia."	1. Students will demonstrate enhanced technical skills in programming, cybersecurity, web design, and networking by successfully applying their knowledge in competitive events. 2. Participants will exhibit effective collaboration and teamwork by sharing ideas and strategies with peers from different institutions, resulting in a more enriching learning experience during team-based competitions. 3. Students will gain a deeper understanding of cybersecurity and emerging technologies, recognizing their significance in creating secure solutions and applying best practices in real-world scenarios aligned with the theme "Augmenting Security Towards the Techno-Utopia."
EXPECTED NO. OF PARTICIPANTS	Students: 19 COUNCILS 1. Derez, Mhartin Joshua B. – BSIT 4th Year 2. Odvina, Marienella Reggiette M. – BSIT GD – 3rd Year 3. Gutierrez, Patrick Kyle E. – BSIT GD – 3rd Year 4. Miranda Alliyah Angela – BSIT GD – 3rd Year 5. Manjares, Nathalie Jane – BSIT GD – 3rd Year 6. Webinar: Research and AI integrated Technologies

Friday, November 29,204 | 1:00 PM – 4:00 PM | Via Zoom Link

DESCRIPTIONS	The "Research and AI Integrated Technologies" webinar will feature 4th-year students from the College of Computer Studies, who will present their innovative research and capstone projects. This event aims to showcase cutting-edge developments in AI and technology, offering lower-year students, including ICT students and 1st to 3rd-year College of Computer Studies students, a unique opportunity to learn from their peers and gain insights into the latest trends in research and technology.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
	1. To assess students' understanding and application of research methodologies, AI technologies, and their practical integration into capstone projects. 2. To provide students with valuable insights into cutting-edge AI and technology trends, equipping them with knowledge and skills relevant to their academic and professional growth. 3. To promote collaboration and the sharing of best practices in AI research and development, encouraging effective problem-solving, innovation, and knowledge transfer among students.	1. Students will gain a deeper understanding of how AI is applied in real-world scenarios through the research and capstone projects presented by their senior peers. 2. will develop skills in researching and presenting complex topics related to AI, fostering their ability to communicate technical ideas effectively to a diverse audience. 3. Students will learn to critically assess innovative AI solutions, helping them think critically about how to address real-world problems with advanced technologies in their future studies and careers.
EXPECTED NO. OF PARTICIPANTS	Students: 150	Faculty: 5

APPCON 2024 "AI and IOT solutions for social issues in the Philippines"

December 1, 2024 - June 28 2025 | Zoom Virtual Meeting

DESCRIPTIONS	AppCon 2024 is an annual competition aimed at developing innovative AI and IoT-based web and mobile applications that address key social issues in the Philippines, such as poverty, healthcare, education, and public safety. Hosted by OTIS Japan Inc., the event challenges participants to apply cutting-edge technologies to create sustainable solutions that have real-world impact. This competition fosters creativity, collaboration, and community contribution, while allowing students to showcase their skills and elevate their schools' reputation.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
	- To inspire students to use their imaginations and create original applications that use cutting-edge technology and contemporary development techniques to address pressing issues in the real world. - To improve students' technical proficiency in app development by giving them practical experience with every stage of the software development lifecycle, from design and coding to testing and deployment. - To promote teamwork among participants in order to enhance their communication, project management, and cooperative problem-solving skills throughout the development process.	- Students will enhance their ability to design innovative applications that address real-world problems using advanced technology and contemporary development techniques. - Participants will gain hands-on experience in all stages of the software development lifecycle, improving their technical skills in design, coding, testing, and deployment. - Working in teams will help students develop effective communication, project management, and cooperative problem-solving skills, essential for successful project execution.
EXPECTED NO. 3. CES Quality Objectives:	to demonstrate a heightened sense of volunteerism and community care, as measured by post-seminar surveys gauging their intention to actively contribute to community development initiatives leveraging AI-assisted IT skills.
4. Learning Outcomes	At the end of the activity, the participants will learn: • to appreciate the value of volunteerism as an essential ingredient to community building; • to recognize their role as catalysts for human and social development; • to enhance their knowledge on the importance of school-community relations; • to contribute to community development initiatives and projects without expecting any monetary reward; • to be more responsive to the needs, conditions, challenges of the adopted families and find opportunities for growth for the community; • to continue in creating a sustainable, empowered, and self-reliant community; and • to exercise Christian leadership by actively participating in community development and outreach activities • to improve the students' knowledge of visual representations • to develop collaborative and leadership skills • to cultivate the spirit of volunteerism and institutional commitment
5. Extension Service Focus Area	☐ Health & Nutrition ☒ Education ☒ Livelihood & Technology ☐ Psycho-social Interventions ☐ Environmental management ☐ Risk & Disaster Management ☐ Sports & Wellness
6. Community Needs Addressed	• food shortage • basic food preparation • learn the importance of technology in our life.
7. Name of the Program/Intervention	Gift of Hearts: Embracing the Christmas Gift-Giving Spirit

8. Title of the Project/Activity	TechTutor Part 2: Empowering Communities with AI-Enhanced IT Skills
9. Rationale	Gift-giving is an act of self-gratification. It is a way and an expression of love. It strengthens human connections and builds relationships. The social value of giving has been recognized throughout the year and Christmas Day is one of the happiest days of the year when children receive gifts from their parents, godparents, and relatives. It is one way of saying that they are important and loved but for some children buying food is more important than receiving toys and presents. Community Outreach title reflects the essence of fostering meaningful connections and cultivating empathy within a community. By emphasizing "Gifts of Heart," it suggests a focus on thoughtful, heartfelt gestures that go beyond material value, emphasizing the emotional impact of giving. The phrase "Developing Connection and Kindness through Giving" underscores the intention to build a stronger sense of community by encouraging individuals to engage in acts of generosity. This initiative aims not only to provide tangible gifts but also to create a culture of compassion, ultimately enriching the social fabric of the community and promoting a spirit of kindness that extends beyond the immediate act of giving.
10. Objectives	to reach out to the Adopted Families
a. General	
b. Specific	• To provide Noche Buena Bundle foods and other essentials to 15 adopted families, fostering a sense of hope and joy during the Christmas season. • To conduct the seminar TechTutor Part 2: Empowering Communities with AI-Enhanced IT Skills, equipping participants with practical knowledge and tools to enhance their digital skills for everyday applications. • To cultivate the spirit of compassion and social responsibility among students by engaging them in meaningful community outreach activities. • To promote collaboration among the Junior Philippine Computer Society Student Council, faculty, and students in organizing impactful community service programs. • To encourage the use of technology as a tool for community empowerment and sustainable development, bridging gaps in digital literacy and fostering innovation.
11. Participants/Implementers	☒ Full-time Faculty- 2 ☐ Part-time Faculty ☒ Students -8 ☐ Parents ☐ Non-Teaching personnel ☐ Administrators ☐ Alumni ☐ Community Volunteers ☐ Collaborators from BED/College Dept
12. Target Beneficiaries (Focused Group)	15 Adopted families
13. Type of Extension Service Delivery	☒ Training Program ☐ Technical Assistance & Advisory Service ☒ Communication/ Information Service

	☒ Community Outreach Activity ☐ Technology transfer & Utilization
14. Name of Location/ Venue	RM 203, Main Building, UPHSD
15. Timeframe	Date: December 4, 2024 Time: 1:00PM – 5:00PM Duration: 4 Hours
16. Community Performance Indicators	No. of participants Evaluation Ratings
17. Resources/ Logistics required (Materials, Transport, Equipment, etc.)	Simple Christmas Gifts, food pack, chairs for lecture, rooms for lecture, stage for food preparation, ushers/usherettes, tables, tarpaulins, eco-bags, brochures, certificates/awards, sound system, white screen, projector.
18. Source of Funds	☐ Donation ☒ Voluntary Contribution: ₱50 x 150 Students = ₱7,500 ☐ Benefactors ☒ Council Funds = ₱1,500.00
19. Cost Estimate of the Project/Activity	Breakdown Expenses: Fiesta Sweet Spaghetti - ₱85.25 Ram Spaghetti 1KG - ₱78.25 Del Monte Fiesta / Today's Fruit Cocktail 836G - ₱91.95 Alaska Crema Asada 370ml - ₱54.75 Argentina Corned Beef 260G - ₱56.50 Magnolia Cheezee 160G - ₱45.00 My San Honey Graham Crackers 210G - ₱40.65 2 Nestea Apple Blend Iced Tea 20G (P20.30) - ₱38.00 Echo Bag - ₱15.00 Subtotal: ₱505.35 for 15 Families: ₱505.35 x 15 = ₱7,580.25 Other Expenses Tarpaulin (2x4) - ₱160.00 Subtotal ₱160.00 Overall Total: ₱7,580.25 + ₱160.00 = ₱ 7,740.25
20. Monitoring and Evaluation	☒ Level of Program Outcomes Questionnaire ☐ Others, please attach
21. Deliverables	☒ Photo Documentation ☒ Attendance Sheets ☒ Schedule of Activity ☒ Financial Report ☒ Problems Encountered ☒ Reflection on Lessons Learned ☒ Plan of Action ☒ Suggestions/ Recommendations

	[✓] Evaluation Form [✓] Certificates given to participants, to UPH-Molino, and to the beneficiaries. [✓] pre-approved/ enrolled beneficiaries

IT Specialist (ITS) Certification Exam 2024

Monday, November 18, 2024 | 8:00 AM – 5:00 PM | UPHSD Computer Laboratory M-209

DESCRIPTIONS	The IT Specialist (ITS) Certification Exam 2024 focuses on three key domains: Networking Security, HTML and CSS, and Python. This certification is designed to validate the candidate's proficiency in foundational IT skills, enabling them to apply critical concepts in real-world environments. By covering Networking Security, it ensures a solid understanding of safeguarding networks from various threats. The HTML and CSS component focuses on building responsive and accessible web pages, while Python covers programming fundamentals for automation and problem-solving.	
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
	- To assess the student's knowledge and practical proficiency in Networking Security, HTML and CSS, and Python programming. - To equip students with essential IT skills applicable across various disciplines and professional fields, ensuring they are well-prepared for future career opportunities. - To implement best practices in web development, network security, and Python programming for data management, security, and operational efficiency in each specific domain	- The students will gain expertise in network security, web development using HTML and CSS, and Python programming for automation, data processing, and application development. - The students will obtain the IT Specialist (ITS) certification, which enhances their employability by validating their proficiency in essential IT skills relevant across various industries and job functions. - The students will have proficiency with Networking Security protocols, HTML and CSS for web development, and Python programming, enabling them to enhance collaboration, streamline processes, and strengthen data security in professional environments.
EXPECTED NO. OF PARTICIPANTS	Students: 150	Faculty: 2
Budget	: c/o School Canteen AM, Lunch and PM food snack : Certification Exam	6 Committee Member & 7 Faculty Member AM Snacks: P80.00 x 13 Participants = Total: P 1,040.00 Lunch: P80.00 x 13 Participants = Total: P 1,040.00 PM Snacks: P80.00 x 13 Participants = Total: P 1,040.00 Overall Total for Foods: P 3, 120.00 c/o Council Funds : 150 students : ITS Certification Exam - P1,150 : 150 students x P 1,150 = Total: P172,500.00 – Collected by Cashier

SUBJECT : College of Computer Studies Students' 2nd Semester General Orientation S.Y 2024-2025:
"Game On: Shaping Your Path in the Evolving World of Information Technology"

DATE : January 27, 2025

Greetings!

The College of Computer Studies will conduct the 2nd Semester Onsite Orientation for S.Y. 2024-2025 on February 4, 2025 at 1:00PM – 4:00PM in IHM Building Function Room. The purpose of this event is to address concerns, orient students/participants, and discuss the upcoming events and activities for the semester.

All students in the College of Computer Studies are required to attend the 2nd Semester Onsite Orientation, which will be held at the New Gymnasium of UPHSD-Molino. We have invited Mr. Pery Alegre to talk about the Microsoft Examination Program, and CCS alumnus speaker Mr. Andrew Alejandro. Additionally, our Council Presidents, Mhartin Joshua Derez, will discuss the upcoming 2nd Semester activities of CCS.

Significant details are as follows:

- **DURATION OF THE EVENT** : February 4, 2025 | 3 Hours | 1:00 PM - 4:00 PM
- **LOCATION** : IHM Building - Function Room
- **PARTICIPANTS** : College of Computer Studies Students
- **BUDGET** : PM Food Snacks – Jollibee Mix and Match (Crunchy Chicken Sandwich w/ Pineapple Juice – Guest & CCS personnel
: 4 Faculties, 2 Guests and 9 Committees
: P88.00 x 15 Participants = P1,320.00
: Token for 2 Guests – P500 x 2 = P1000.00
: Tarpaulin (3ftx6ft) = P360.00
: Certificate Holder 2x (11x8.5) 2 x P49.00 = P98.00
: Vellum Board (11x8.5) – P40.00
: **Overall Total: P1320 + P1000 + P360 + P98+ P40**
= P2,818.00 c/o Council Funds

Please see attached proposed concept paper for the complete details.
Thank you.

CONCEPT PAPER FORM
U-Week 2025: Mr. and Ms. Intrams
Monday, March 10, 2025 | 8:00AM-11:00AM | Gym 2

DESCRIPTIONS	The College of Computer Studies have been assigned with the Mr and Ms Intrams of the University Week. U-Week 2025: Mr. and Ms. Intrams celebrate the perfect blend of athleticism, charisma, and campus spirit. This event crowns individuals who excel in both sports and personal charm, showcasing the dynamic talents and leadership of our students. It highlights the true essence of athletic excellence and the vibrant energy of University Week.			
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES		
	1. To showcase student representatives' confidence, talent, and sportsmanship through a pageant-style competition. 2. To promote camaraderie and school spirit by celebrating diversity, beauty, and intelligence among participants. 3. To provide an engaging platform for students to showcase their strategic thinking, teamwork, and gaming skills in a competitive environment.	1. Participants will develop selfconfidence and stage presence through their performances and presentations. 2. Students will gain a deeper appreciation for teamwork, cultural expression, and sportsmanship in competitive events. 3. Participants will enhance their critical thinking, decision-making, and collaborative skills through competitive gameplay.		
EXPECTED NO. OF PARTICIPANTS	Students from all college levels and the senior high school.	Faculty: 3 Dean		
SOURCE OF FUND/BUDGET	Please tick the Source of Fund: ☐ U-week Budget ☐ Collection Basis ☐ Part of student Fees ☐ Council Fund ☐ Donation ☐ Budget Code ☐ Others:

Stage Design Details:

- Use the large pearl balloons to form the main structure of the necklace design or vertical wrapping.
- Small pearl balloons can fill gaps and create a layered, textured appearance.
- Center pearl balloons will act as focal points, enhancing the elegance of the design.

Curtains and Tassels:

- Ensure the silver and rose gold tassels create a striking contrast with the pearlish tones, emphasizing the theme.
- Hang the tassels symmetrically for a balanced and polished look.

Execution:

- Secure balloons using the balloon tape for stability and alignment.

MECHANICS FOR MR. AND MS. INTRAMURALS 2025 University
of Perpetual Help Molino Campus

I. GENERAL GUIDELINES

1. The Mr. and Ms. Intramurals 2025 competition is open to all officially enrolled students of the University of Perpetual Help Molino Campus.
2. Each department may nominate one male and one female representative to compete for the title.
3. All participants Must register through their respective departments and Must follow the registration process set by the organizing committee. LATE registration will not be accepted.
4. Participants must embody the values of sportsmanship, discipline, and excellence, aligning with the university's core principles.
5. Contestants are required to attend all rehearsals, orientations, and pre-event activities as scheduled by the organizing committee.
6. The decision of the panel of judges is final and irrevocable.

II. CATEGORIES AND CRITERIA FOR JUDGING

A. Sportswear Competition (40%)

- Contestants will introduce themselves while wearing their sportswear attire.
- The attire must reflect an athlete's grace, confidence, and readiness for competition.
- Evaluation will be based on poise, posture, projection, and overall stage presence.

B. Department Shirt Competition with Q&A (40%)

- Contestants will proudly wear their department shirt during this segment.
- They will participate in a Question and Answer (Q&A) segment, which will assess:
 - Ability to think quickly and provide intelligent responses to questions.
 - Confidence and articulation of thoughts
 - Overall presentation and impact

C. Overall Personality and Audience Impact (20%)

- Contestants must exude confidence, charisma, and strong stage presence throughout the competition.
- Engagement with the audience and overall impact will contribute to the final score.

2025 UNIVERSITY WEEK EXCELLENCE IN ESPORTS
MOBILE LEGENDS MECHANICS

1. Each course in their department must have 1 team to enter into the bracketing system.
2. We will use Challenge as the bracketing system to facilitate all the matches during University Week.
3. There will be two phases of the tournament: The Qualifiers and The Finals.
4. In the Qualifiers, each cluster will face off against each other in a best-of-three Round Robin Style. One team will play all the opponents in their respective cluster, and whoever has the highest standing will proceed to the finals.
5. In the Finals, only one team per cluster will face each other in a Double elimination series, which is also a best-of-three series.
6. Each cluster shall have 2-3 teams with 6 members made up of students the 5 are the main players (required) and 1 reserved player (optional) from the various programs within the cluster.
7. Each player will provide their own mobile phone and internet/data
8. Strictly no trash-talking during the game, TP/Emote/Stickers are only allowed.
9. Registered ID accounts can only be used in the game.
10. Sudden Change of lineup is not allowed.
11. Each team has 3 pause game if their teammates is lag. Just Type "LAG" to pause the game.
12. Players are strictly prohibited from exiting the game.
13. There is no rescheduling. Players who fail to attend on time will no longer be allowed to play the game.
14. Each team will be given 10 minutes to complete their players. If the team fails to complete its players within the given time, it will be automatically disqualified.
15. Rules violations will result in disqualification.
16. all participants must be physically and mentally fit to compete in the event. Students will be required to obtain medical clearance from the University Physician or an authorized/licensed physician, which must be attached to the registration form.
17. The registration form must accompany a photocopy of the student's ID and registration form.
18. The registration form shall be filled out through Google Form first, and before the day of the tournament, the other registration wilwl be submitted by the coach/event coordinator of each team, noted by their respective Cluster Head at Computer Laboratory M-210 by (Tentative) March 2025.
19. Students who cannot submit the requirements are not allowed to play during the event.
20. All and any decisions made will be final by the committee.

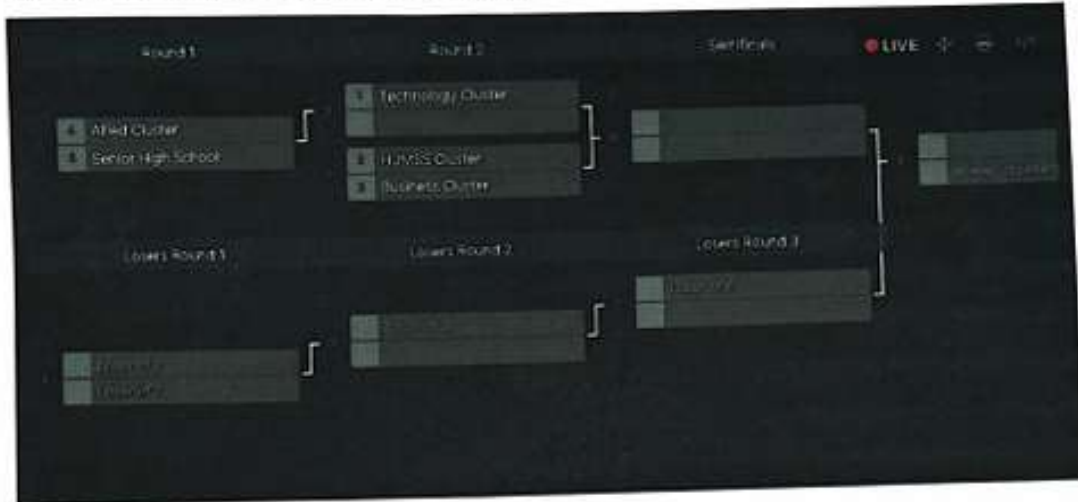

Schedule of Mobile Legends Games:

Date: (Tentative) March 2025

Time & Venue: 9:00 AM – 4:00 PM (Computer Laboratory M-210)

Sample Mobile Legend Bracket for the Final Phase:

MOBILE LEGENDS E-GAMES COMMITTEE

COMMITTEE LIST	CHAIRPERSON:	Mhartin Joshua Derez
	TECHNICAL COMMITTEE:	Nathalie Manjares Tristan Joseph Andres Scott Baronia Marienella Reggietto Odvina Kim Christian Gaqui Leinad Clark M. Dela Cruz Jhane Sadicon
	PHOTO DOCUMENTATION:	Sheila Quintero Daphne Gustilo

SECURITY AND SAFETY

1. All Participants must provide Medical Certificate on or before **March 2025**, students who would fail to comply with the requirements would not be allowed to join.
2. First Aid Kit will always be available during the event.
3. There will be Faculty member for each day joining to ensure proper decorum and discipline of the students, Engr Val Patrick Fabregas will be the faculty member in charge for the said event.

CCS Days 2025: "Shaping Learners to Leaders - Innovate, Compete, Succeed!"

April 21, 22, 23 2025 | 9:00 AM – 5:00 PM | New Gym, Old Gym, Comp Lab 209 and 210, University Field & RM 203

DESCRIPTIONS	CCS Days 2025: "Shaping Learners to Leaders: Innovate, Compete, Succeed!" is an exciting week-long event designed to test and enhance students' technical skills, critical thinking, and teamwork. Featuring a variety of competitions, it encourages participants to strive for excellence, embrace innovation, and develop leadership qualities essential for future success in the tech industry.			
OBJECTIVES, LEARNING OUTCOMES AND EXPECTED DELIVERABLES OF THE ACTIVITY	OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES		
	1. To challenge students' technical skills, strategic thinking, and teamwork through various competitions.	1. Students will demonstrate enhanced technical skills, strategic thinking, and teamwork by actively participating in various competitions.		
	2. To encourage innovation and creativity in solving real-world IT challenges.	2. Students will apply innovative approaches and creative problem-solving techniques to real-world IT challenges.		
	3. To foster a spirit of healthy competition that promotes collaboration and professional growth.	3. Students will develop a collaborative mindset and professional growth by engaging in healthy competition.		
	4. To inspire students to develop leadership qualities and strive for excellence in their respective fields.	4. Students will cultivate leadership qualities and a drive for excellence, preparing them for future roles in the tech industry.

1. Digital Poster Competition
2. Python Programming Competition
3. Chess Tournament

DIGITAL POSTER COMPETITION DETAILS

Schedule of Digital Poster Competition		
Date: April 21, 2025		
Time & Venue: 1:00 PM – 4:00 PM (MAC Laboratory)		
DIGITAL POSTER COMPETITION COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Jhane Rose Sadicon
	COMMITTEE MEMBER:	Leinad Clark M. Dela Cruz Alliyah Angela Miranda John Kenneth Silawan
	PHOTO DOCUMENTATION:	Sheila Lorraine Quintero
JUDGES LIST	1. Ms. Maribel Sandagon 2. Engr. Roberto Malitao	

DIGITAL POSTER MECHANICS

1. The competition is open to all College of Computer Studies (CCS) students from BSIT-GD and BSCS-DS programs. Each section is allowed to have 1-2 representatives participate in the competition.
2. The theme will be announced on the competition day and must align with the official CCS Days 2025 theme, incorporating elements of technology, innovation, sports, esports, and cultural diversity.
3. Registration will be conducted via Google Form until the specified deadline. The link will be posted on the official CCS page.
4. Entries must be in JPEG, JPG, or PNG format with an A4 size (8.3 x 11.7 inches). Participants may use Adobe Photoshop, Ibis Paint, MediBang Paint Pro or Procreate.
5. The competition will have a time limit of three (3) hours.
6. Participants must save their entries in the designated Digital Poster Folder before the time limit expires.
7. Prohibited Actions:
 - o Using images from the internet, stock photos, or pre-made elements.
 - o Tracing or directly copying any existing artwork.
 - o Collaborating with others during the competition.
 - o Using AI-generated images or automated tools to create elements of the design.
8. Judging criteria:
 - o Relevance to the theme – 35%
 - o Creativity and originality – 30%
 - o Visual impact and composition – 20%
 - o Technical quality – 15%
 - o Total – 100%
9. Winners (Champion, 1st Runner-up, 2nd Runner-up) will be announced on April 23, 2025. All participants will receive a Certificate of Participation.
10. The judges' decisions are final and irrevocable.
11. Rule Violations and Penalties:
 - Use of internet images, stock photos, or AI-generated elements – 10-points deduction
 - Tracing or copying an existing artwork – 5-points deduction
 - Unauthorized collaboration – 5-points deduction

PYTHON PROGRAMMING COMPETITION DETAILS

Schedule of Digital Poster Competition Date: April 21, 2025 Time & Venue: 9:00 PM – 4:00 PM (M-209)		
PYTHON PROGRAMMING COMPETITION COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	James Scott Baronia
	COMMITTEE MEMBER:	Chrissanta Joy Erica Puyat Daphne Lois Gustilo Tristan Joseph Andres
	PHOTO DOCUMENTATION:	Sheila Lorraine Quintero
JUDGES LIST	1. Engr. Val Patrick Fabregas	

PYTHON PROGRAMMING COMPETITION MECHANICS

Python Coding Competition Mechanics

1. The competition is open to all IT and CS students.
2. The event consists of two phases: Elimination Round and Final Round.
3. The Elimination Round will only take place if there are more than 10 participants in the competition.
4. Participants will face a Python coding challenge covering concepts like loops, functions, and classes.

Elimination Round:

1. Participants will solve one (1) programming problem within one (1) hour.
2. Each participant may submit their solution only once to the judges.
3. Incorrect submissions will result in elimination.
4. The first 10 participants to submit a correct solution will proceed to the Final Round.
5. If fewer than 10 participants submit correct answers within the time limit, only those who succeeded will advance.
6. If 10 or fewer participants join, all will automatically proceed to the Final Round.

Final Round:

1. Each participant will solve three (3) coding problems within two (2) hours.
2. Only one submission per problem is allowed in both rounds. Incorrect submissions will result in elimination.
3. Scoring is based on the number of correct answers and response time.

General Rules:

1. Participants may bring their own laptops; school-provided computers will be available if needed.
2. The official IDE for the competition is PyCharm Community Edition 2024.3.5.
3. Only built-in Python libraries (collections, itertools, sys, os) are allowed.
4. All solutions must be submitted in .py format following this file naming format: [Surname]_Problem#.py (e.g., Garcia_Problem1.py).
5. Code must follow best practices:
 - No unnecessary print statements.
 - Minimal but clear comments.

- Only ASCII characters should be used.
6. No external assistance (online resources, tutors, or programming forums) is permitted.
 7. Strictly no misconduct (cheating, harassment, or disrespectful behavior) will be tolerated—violations result in disqualification.
 8. Participants must present a registered student ID before the competition.
 9. No substitutions or sudden changes in participants are allowed.
 10. A photocopy of the student's ID must be submitted.
 11. Registration must be completed via Google Forms first. Before the competition, a final hardcopy registration, noted by the Cluster Head, must be submitted at Computer Laboratory M-210 (Tentative: March 2025).
 12. Failure to submit required documents will result in disqualification.
 13. No rescheduling—participants who fail to attend on time will not be allowed to join.
 14. Participants must arrive one hour early for pre-competition device inspection.
 15. Screens will be monitored to ensure fairness.
 16. Technical issues are the participant's responsibility. No extra time will be given.
 17. All decisions made by the competition committee are final. No appeals will be entertained.

CHESS TOURNAMENT DETAILS

Schedule of Chess Tournament Date: April 21, 2025 Time & Venue: 9:00 PM – 4:00 PM (M-210)		
CHESS TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Nathalie Jane Manjares
	COMMITTEE MEMBER:	Shekinah Bolante Judith Grace Portalito Kim Christian Gaqui
	PHOTO DOCUMENTATION:	Maverick Virata

CHESS TOURNAMENT MECHANICS

1. The tournament is open to all College of Computer Studies (CCS) students.
2. The tournament will follow a single-elimination format, with the semifinals and finals played as best-of-three matches.
3. A total of 16 players will participate, with 4 players from each year level (1st, 2nd, 3rd, and 4th Year). Example: 2 reps - BSIT 3rd Year, 2 reps - BSCS 3rd Year
4. Each player must register before the deadline by providing their full name and contact details.
5. The tournament structure:
 - o Round of 16: Single-game elimination.
 - o Quarterfinals: Single-game elimination.
 - o Semifinals: Best-of-three match.
 - o Finals: Best-of-three match.
6. Matches will follow standard FIDE rules, including the touch-move rule and illegal move penalties.
7. Players must arrive on time; a grace period of 5 minutes will be given before forfeiting the match.
8. The tournament will follow the following time control:
 - o Round of 16 & Quarterfinals: 10 minutes + 5 seconds increment (single game per match).
 - o Semifinals & Finals: 10 minutes + 5 seconds increment (best-of-three per match).
9. Tiebreakers will be decided based on the head-to-head result within the best-of-three match.

10. Use of chess engines, external assistance, or any form of cheating is strictly prohibited and will result in immediate disqualification.
11. Players must wear appropriate attire during the tournament.
12. The tournament will be officiated by arbiters. Their decisions are final and must be respected.
13. Any disputes must be raised respectfully to the tournament arbiter immediately after the match.
14. Unsportsmanlike conduct, such as arguing with arbiters, offensive language, or disruptive behavior, will result in:
 - First offense – Warning
 - Second offense – Disqualification from the tournament
15. Players must check the official schedule and pairings before each round.
16. All participants must be physically and mentally fit to compete in the event.
17. The registration form must be submitted before (Insert deadline here) and must include a photocopy of the student's ID.
18. The tournament organizers reserve the right to amend the rules if necessary.
19. All decisions made by the tournament committee are final.
20. Players must use only one hand to make a move and press the chess clock.

WEB DESIGN COMPETITION DETAILS

Schedule of Web Design Competition Date: April 21, 2025 Time & Venue: 9:00 PM – 4:00 PM (M-209)		
WEB PROGRAMMING COMPETITION COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	James Scott Baronia
	COMMITTEE MEMBER:	Chrissanta Joy Erica Puyat Aj Solis Tristan Joseph Andres
	PHOTO DOCUMENTATION:	Sheila Lorraine Quintero
JUDGES LIST	1. Engr. Val Patrick Fabregas 2. Engr. Roberto Malitao 3. Ms. Maribel Sandagon	

WEB DESIGN COMPETITION MECHANICS

Web Design Competition Mechanics

1. The competition is open to all IT and CS students.
2. The web design is centered around the CCS Days theme, *"Shaping Learners to Leaders - Innovate, Compete, Succeed!"*
3. The students have an hour and thirty minutes to create their designs and submit it to the student council.
4. Judges will base their critique on the following criteria: Creativity 40%, Design 30%, Functionality 10%, and Punctuality 10%.

E-SPORT TOURNAMENT

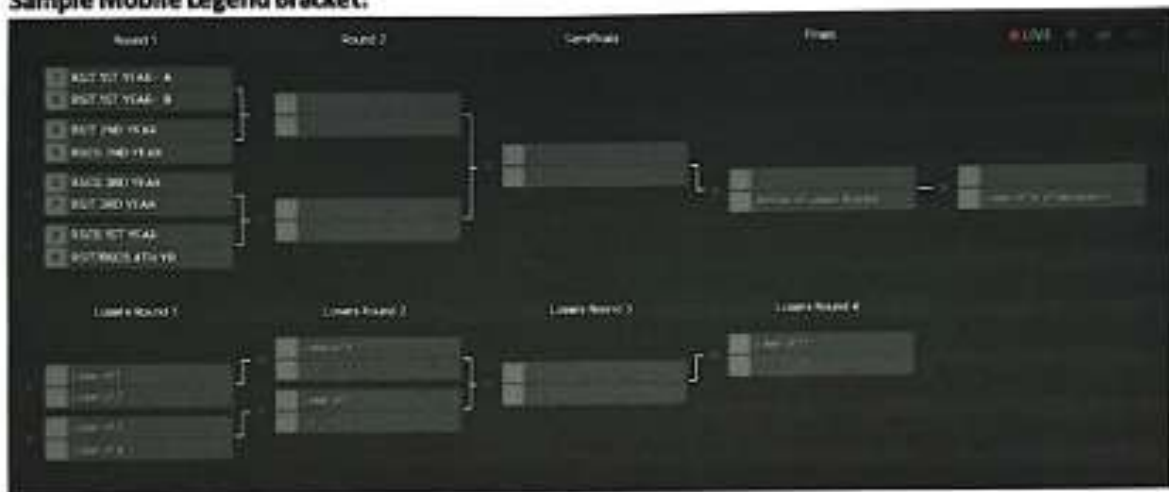

1. Mobile Legend Tournament
2. Call of Duty Mobile Tournament (Battle Royale)
3. Valorant Tournament
4. Tekken 7 Tournament

MOBILE LEGEND TOURNAMENT DETAILS

Schedule of Mobile Legend Tournament Date: April 21 2025 Time & Venue: 10:00 AM – 6:00 PM (Via Facebook Live & Discord)		
MOBILE LEGEND TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Leinad Clark Dela Cruz
	COMMITTEE MEMBER:	James Scott Baronia Alliyah Angela Miranda Daphne Lois Gustilo
	PHOTO DOCUMENTATION:	Jhane Rose Sadicon

Sample Mobile Legend Bracket:

MOBILE LEGEND TOURNAMENT MECHANICS

- Each year level per course in the College of Computer Studies (CCS) must have one team.
- To register, only the team captains will fill the registration form (Google Forms) with:
 - Group Name with Team Number with letter
 - List of players their names, ign & their IDs
- A total of 8 teams will participate.
- A photocopy of the student's ID must be submitted for verification.
- Failure to submit the required documents means the student cannot play.
- Game Mode: 5v5 Draft Pick Mythic Battlefield.
- Double-Elimination Format:
 - Winners Bracket: Teams compete in a standard knockout format.
 - Losers Bracket: Teams that lose in the Winners Bracket get a second chance.
 - The Grand Finals will be played between the Winner of the Winners Bracket and the Winner of the Losers Bracket.
 - If the Losers Bracket winner wins the first BO3 series in the Grand Finals, a final BO3 match will be played to determine the champion.
- Match Format:
 - All matches except semi-finals and Grand finals will be best-of-one (BO3).
 - Semi-finals and Grand Finals will be played in a best-of-three (BO5) format.
- Each section must form a team consisting of five (5) main players. One (1) reserved player is optional.
- Players must use their own mobile devices and internet.

11. Ensure a stable internet connection before the match.
12. Ban-Pick System:
 - a. BO3: 3 bans per team.
 - b. BO5: 5 bans per team.
13. Game pauses: Maximum 3 pauses per match (total of 10 minutes for technical issues).
14. Type "LAG" to request a pause.
15. Players must reconnect immediately; the match continues if not reconnected.
16. Match Restart: Allowed only in extreme cases (e.g., server issues).
17. Strictly no trash-talking during the game; TP/Emote/Stickers are allowed.
18. Only registered ID accounts may be used.
19. Sudden lineup changes are not allowed.
20. Players are prohibited from exiting the game mid-match.
21. No rescheduling is allowed. Late players will forfeit their match.
22. Teams must finalize their lineup within 10 minutes before the match starts, or face disqualification.
23. Rules violations will result in disqualification.
24. The registration form must be accompanied by a photocopy of the student's ID.
25. The registration form shall be filled up through Google Form by the team leader.
26. The deadline for registration will be on April 16, 2025.
27. Students who are unable to submit the necessary requirements are not allowed to play during the event.
28. The final notice of qualified players will be announced in March 17, 2025.
29. Students are strictly limited to participating in **ONLY ONE** esports event (Valorant, CODM, or ML).
Competing in multiple esports tournaments is not allowed.
30. All and any decisions made will be final by the committee.

CALL OF DUTY MOBILE BATTLE ROYALE TOURNAMENT DETAILS

Schedule of Call of Duty Mobile Battle Royale Tournament		
Date: April 21, 2025		
Time & Venue: 10:00 AM – 6:00 PM (Via Facebook Live & Discord)		
CALL OF DUTY MOBILE BATTLE ROYALE TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Chrissanta Joy Erica Puyat
	COMMITTEE MEMBER:	Shekinah Bolante Nathalie Jane Manjares Patrick Kyle Gutierrez
	PHOTO DOCUMENTATION:	Alexander Jon Solis

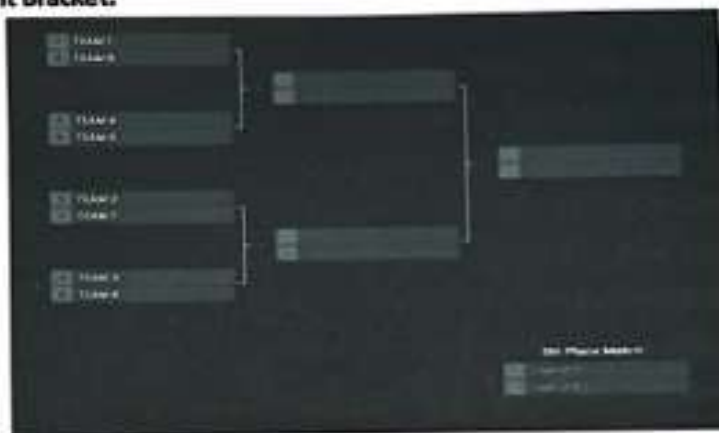

BANNED ITEMS IN BATTLE ROYALE	
CATEGORY	BANNED ITEM
CLASSES	Igniter
WEAPONS	NA-45, Thumper, SVD, SKS, Shorty, FHJ-18, Kilo Bolt-Action
ATTACHMENTS	All Shotgun Slug Ammo, Thermite & Gas Grenade Bolts, Explosive Ammo
VEHICLES	Tank

VALORANT TOURNAMENT DETAILS

Schedule of Valorant Tournament Date: April 21, 2025 Time & Venue: 10:00 AM – 6:00 PM (Via Facebook Live & Discord)		
VALORANT TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Mhartin Joshua B. Derez
	COMMITTEE MEMBER:	John William Ballesteros Wally Maddumba Jenny Gail Faustino
	PHOTO DOCUMENTATION:	John Kenneth Silawan

Sample Valorant Bracket:

VALORANT TOURNAMENT MECHANICS

- To register, only the team captains will fill the registration form (Google Forms) with:
 - Group Name with Team Number with letter
 - List of players their names & their Riot IDs
- 8 teams are going to be allowed in this tournament, all with 5 players each
- Each match, the first team to win 13 rounds wins the map. If it goes overtime (12-12 score), the first team to score 2 points wins.
- The contestant should have the following:
 - A working and fully functional computer, with at least the minimum specifications, devices with a internet connection that can run the game.
 - Chargers for their Laptop Devices and an extension wire for their own use.
 - A Valorant account with an appropriate username and Riot ID.
- A referee will be assigned to each group currently competing. Referees have the authority to pause and resume the game and are also tasked with reporting violators.
- Each group currently in the match has the right to call for a pause for an acceptable reason. The referee will first judge the situation whether to pause the game or continue, before both teams agree with it. When the number of breaks becomes too high or long, an official member of the committee may force the continuation of the game.
- If a player disconnects, the game is to be paused instantly. Everyone has up to ten minutes to reconnect to the game (if the same person disconnects more than once, all times get added up). If this time is passed, the referee may continue the game. The affected player is in this case still allowed to rejoin later on.
- Trash talk is purely banned and is discouraged.

- Students are strictly limited to participating in **ONLY ONE** esports event (Valorant, CODM, or ML). Competing in multiple esports tournaments is not allowed.
- All and any decisions made will be final by the committee.

TEKKEN 7 TOURNAMENT DETAILS

Schedule of Tekken 7 Tournament Date: April 21, 2025 Time & Venue: 9:00 AM – 4:00 PM (M-203)		
TEKKEN 7 TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Alexander Jon Solis
	COMMITTEE MEMBER:	Marienella Regglette M. Odvina Patrick Kyle Gutierrez Mhartin Joshua B. Derez
	PHOTO DOCUMENTATION:	Sheila Lorraine G. Quintero

TEKKEN 7 TOURNAMENT MECHANICS

- To register, only the players themselves will fill out the registration form (Google Forms) with:
- The tournament will follow a Double Elimination format, where players will start in the Winner's Bracket. If a player loses a match in the Winner's Bracket, they will move to the Loser's Bracket.
- Each match will follow a best-of-three (Bo3) format, in which the first player to win two sets will be declared the winner. The Winner's Bracket Finals, Loser's Bracket Finals, and the Grand Finals will follow a best-of-five (Bo5) format, where the first player to win three sets will be declared the winner.
- The contestant should have the following:
 - A fully functional controller or arcade stick compatible with the tournament setup.
 - A stable internet connection if applicable.
- At the start of a match:
 - Players will select their sides. If they cannot agree, a best-of-three Rock-Paper-Scissors game will determine the selection.
 - Each player selects their character from all available characters.
 - The stage will be randomly selected.
 - The losing player of any set may either:
 - Keep their character and opt for a new randomly selected stage.
 - Choose a new character, which will also require a new randomly selected stage.
- All matches must use the following in-game settings:
 - Versus ("VS") Mode
 - Rounds: 3 out of 5
 - Time Limit: 60 seconds
 - Stage: Random
 - Special Style: Allowed
 - Character Customizations: Off
 - All Character Preset Costumes are legal unless deemed unfair by the tournament organizers.
 - If two players want to use the same preset costume, a best-of-one Rock-Paper-Scissors match will decide who gets to use it.
 - If an illegal character customization or preset is used, the set may not be scored. Players must immediately restart the set with one player holding forward to reset the match.

7. In the event of a tied set due to a Double K.O. or timeout, the set will not be scored, and both players will replay the tied set using the same character selections.
8. A referee will be assigned to each match. Referees have the authority to pause and resume the game and are also tasked with reporting any rule violations.
9. Rule Violations:
 - Players must report any rule violations or disruptions before a set begins or immediately if they occur during a match. If a set is completed without reporting any issues, the result will stand.
 - Trash talking and the use of profanity are strictly prohibited. Any player caught violating this rule will forfeit the set, awarding a point to their opponent.
 - Players who are not present and ready to play within 15 minutes of their scheduled match may forfeit their match.
 - If a player intentionally or accidentally pauses the match, they will forfeit the current round. If a technical issue occurs (e.g., game crash or controller desync), the tournament committee may order a restart, retaining the previous round count.
10. Controller Usage:
 - Players may not use programmable controllers or turbo functions.
 - The following are prohibited:
 - A single input that results in multiple subsequent inputs.
 - Combination inputs outside of the game's controller settings.
 - A single button input that triggers both a directional movement and an attack input.
 - The tournament committee reserves the right to inspect a player's controller for compliance. Non-compliance may result in disqualification or other penalties.
11. All and any decisions made by the tournament committee will be final.

SPORTS TOURNAMENT

1. Badminton (Mixed Doubles)
2. Basketball
3. Baseball

BADMINTON MIXED DOUBLES TOURNAMENT DETAILS

Schedule of Badminton Mixed Doubles Tournament		
Date: April 22, 2025		
Time & Venue: 8:00 AM – 4:00 PM (Old Gymnasium)		
BADMINTON MIXED DOUBLES TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Daphne Lois Gustilo
	COMMITTEE MEMBER:	Chrissanta Joy Erica Puyat Jhane Rose Sadicon Leinad Clark Dela Cruz
	PHOTO DOCUMENTATION:	Sheila Lorraine G. Quintero

BADMINTON MIXED DOUBLES TOURNAMENT MECHANICS

1. Teams will be composed per section (1st, 2nd, 3rd, and 4th Year, CS & IT).
2. The tournament will be played in a Mixed Doubles format (one male and one female per team).
3. Nine (9) teams will compete, with each team consisting of two (2) players.
4. All players must provide a medical clearance from the Clinic stating they are fit to participate. Players who fail to submit medical clearance will not be allowed to play.

- The organizers reserve the right to disqualify any player who shows signs of injury or illness during the competition.
- Matches will be played in a best-of-3 sets format:
 - First two sets: Race to 21 points (win by 2).
 - Third set (if needed): The first team to reach 21 points with a 2-point lead wins.
- The winning teams in the first round advance to the Finals.
- Uniform Requirements
 - Teams must wear matching-colored jerseys or shirts.
 - Players must wear the official University Week 2025 Jersey, CCS t-shirt, or any blue t-shirt.
- Gameplay Rules
 - A match must be won by at least 2 points. If the score is tied at 20-20, the game continues until one team leads by 2 points (e.g., 22-20, 23-21, etc.).
 - Best of 3 Games: If a team wins two out of three games, they win the match.
 - Players switch sides after every game and also at 11 points in the third game to ensure fairness.
- The team that wins the coin toss at the beginning of the match gets to choose whether to serve or receive first.
- Officiating Team
 - Umpire – Main official who oversees the match, enforces rules, and announces the score.
- Strictly no trash-talking or offensive gestures during the game. Any form of disrespectful behavior will result in disqualification.
- Registration
- The registration form must be completed via Google Forms before April 21, 2025.
- Students who fail to submit the required documents will not be allowed to play.
- All decisions made by the committee are final.

BASKETBALL TOURNAMENT DETAILS

Schedule of Basketball Tournament		
Date: April 22, 2025		
Time & Venue: 8:00 AM – 4:00 PM (New Gymnasium)		
BASKETBALL TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	John Kenneth Silawan
	COMMITTEE MEMBER:	Cedrick John Ompad Mhartin Joshua B. Derez James Scott Baronia
	PHOTO DOCUMENTATION:	Nathalie Jane Manjares

BASKETBALL TOURNAMENT MECHANICS

- Open to all College of Computer Studies (CCS) students.
- Teams will be composed of a mix of year levels (1st, 2nd, 3rd, and 4th Year, CS & IT).
- Four (4) teams will compete:
 - Team A – Mixed Year Levels (CS & IT)
 - Team B – Mixed Year Levels (CS & IT)
 - Team C – Mixed Year Levels (CS & IT)
 - Team D – Mixed Year Levels (CS & IT)
- Each team must have at least 5 players (maximum 10 players, including substitutes).
- Players must be officially registered before the tournament starts.
- All players must provide a medical clearance from the clinic stating they are fit to participate in the tournament.

7. Players who fail to submit medical clearance will not be allowed to play.
8. The organizers reserve the right to disqualify any player who shows signs of injury or illness during the competition.
9. Matches will follow a single-elimination format.
10. Games will be played in four (4) quarters, each lasting 10 minutes (running time, except for the last 2 minutes of the 4th quarter, where stop time applies).
11. If the game ends in a tie, a 3-minute overtime period will be played.
12. The winning teams in the first-round advance to the Finals.
13. A standard full-court basketball setup will be used.
14. Teams must wear matching-colored jerseys or shirts for uniformity.
15. The tournament will use an official size 7 basketball.
16. The tournament will follow standard basketball scoring:
 - Field goals: 2 points
 - Three-pointers: 3 points
 - Free throws: 1 point
17. Each game starts with a jump ball.
18. The team with possession at the start of a quarter alternates between teams.
19. A 24-second shot clock will be in effect.
20. Personal fouls: A player fouls out after five (5) personal fouls.
21. Team fouls: After the 5th team foul per quarter, the opposing team is awarded free throws for every defensive foul.
22. Substitutions can be made during dead-ball situations.
23. Each team is allowed two (2) timeouts per half.
24. Timeouts last 30 seconds each.
25. Standard basketball violations apply, including:
 - Traveling
 - Double dribble
 - 3-second rule
 - 8-second backcourt violation
 - 5-second inbound rule
27. The referees' decisions are final and must be respected by all players and coaches.
28. Any disputes must be raised by the team captain only.
29. The match will be officiated by qualified referees and table officials.
30. Referees' decisions are final and must be respected.
31. Any disputes must be addressed respectfully through the team captain.
32. Any form of disrespect (arguing with referees, taunting, offensive language, or intentional harm) will result in:
 - First offense – Warning
 - Second offense – Technical foul (1 free throw + possession to the opposing team)
 - Third offense – Ejection of player/team
33. A team must have at least 5 players to start a match.
34. If a team fails to show up within 10 minutes of the scheduled time, it will result in automatic forfeiture.

BASEBALL TOURNAMENT DETAILS

Schedule of Baseball Tournament Date: April 22, 2025 Time & Venue: 8:00 AM – 4:00 PM (University Field)		
BASEBALL TOURNAMENT COMMITTEE		
COMMITTEE LIST	HEAD COMMITTEE:	Patrick Kyle Gutierrez
	COMMITTEE MEMBER:	Kim Christian C. Gaqui Alexander Jon Solis Shekinah Bolante
	PHOTO DOCUMENTATION:	Maverick Virata

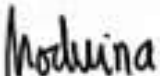

BASEBALL TOURNAMENT MECHANICS

1. Team Composition: Each team consists of 7 players, positioned as:
 - Pitcher
 - Catcher
 - First Baseman
 - Second Baseman
 - Third Baseman
 - Left Fielder
 - Right Fielder
2. If each team reaches 9 players, the game will be a standard 9-player baseball game with all positions.
3. Game Format
 - The game consists of 7 innings instead of the standard 9.
 - Each inning follows standard baseball rules with 3 outs per half-inning.
 - Extra innings can be played if the game is tied after 6 innings until a winner is determined.
4. Equipment Used
 - Ball: A rubber ball is used, which is softer and bouncier than a standard baseball.
 - Bat: A rubber ball bat will be provided, which is typically lighter and designed for rubber ball play.
 - Glove: A glove will be provided for you, but you may bring your own.
5. Officiating team
 - 1 Umpire is positioned behind the catcher to officiate the game.
 - The umpire calls balls, strikes, and plays at home plate.
 - The umpire makes calls on close plays at bases based on their best angle and judgment.
 - 1 scorer will track how many runs per inning are achieved.
6. Batting & Scoring
 - Standard 3 outs per inning and standard base-running rules apply
 - If the ball reaches outside the field, it is declared a home run.
7. The field that will be used is the field of the University of Perpetual Help Molino, which is smaller than a standard baseball field.
8. Attire
 - Pants: Players may wear baseball pants or jogging pants

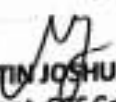

- Top: Players may wear a U-Week jersey, a blue t-shirt, or a CCS shirt.
 - Cap: Any cap
9. Warnings
- It may be hot on the field, so bring water and keep hydrated.
 - You should warm up and stretch before the game to avoid injuries.
 - Always play safely and don't throw the ball at unaware teammates.
10. The registration form must be completed via Google Forms before April 21, 2025.
11. Students who fail to submit the required documents will not be allowed to play.
12. All decisions made by the committee are final.

H5. PERSONNEL IN CHARGE S.Y 2024-2025

Form 10

PERSONNEL IN-CHARGE FORM (PICF)

Title of the Activity: College of Computer Studies Students' 1st Semester General Orientation S.Y 2024-2025: "Future-Proofing Your Career: Navigating the A.I Revolution"		Period Covered: 2 nd Semester, September 30, 2024
Time: 1:00 PM to 4:00 PM	Venue: UPHSD Molino – New Gymnasium	College/Department: College of Computer Studies

I, **Engr. Val Patrick Fabregas**, of the College of Computer Studies will voluntarily accompany my students during the activity. I understand my responsibilities and role as the Dean in-charge and will diligently follow all protocols needed for the safety of the participating students. I am committed to do the following to ensure the safety of the students during the activity.

- a. Remind the students about the ground rules of activity during the preparation stage. I will implement whatever the safety measures necessary so that students will always be accounted for.
- b. Rules and regulations of the school on liquors, drugs will be strictly implemented and will report incidents when students will not adhere to the said policies.
- c. Makes sure that the schedule is followed and will guide the students in all activities to be conducted.
- d. Submit the activity report form two weeks after the conduct of the activity or even earlier at the office of the SAS Head.

I will be accompanying the students during the activity and can be contacted on the following contact number as indicated below:

By:	ENGR. VAL PATRICK FABREGAS Name of Personnel-in-charge/Signature	_____
		Date/Time
Noted by:	MS. MARIBEL SANDAGON OIC of the College/Signature	_____
		Date/Time
	MS. KRISTINA ROSE G. CARLOS Head, Student Affairs & Services	_____

H6. LETTER TO PARENT S.Y 2024-2025

College of Computer Studies

Dear Parents,

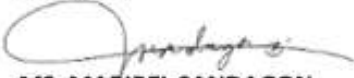

Greetings!

The College of Computer Studies will be having an onsite Student Orientation for 1st Semester with the theme "Future-Proofing Your Career: Navigating the A.I Revolution" this coming **Monday, September 30, 2024**, from **1:00 PM to 4:00 PM** at the **New Gymnasium of UPHSD-Molino**. We are hoping for your full participation in this event. Your presence is much appreciated. Your knowledge and opinions on our upcoming activities will aid us in making decisions and taking the appropriate action. Thank you!

College of Computer Studies

Dear Parents,

Greetings!

The College of Computer Studies will be conducting two kinds of certification examinations during the upcoming second semester of the academic year 2023-2024. These examinations include the CompTIA that have 2 choices of Training and Examination which are the IT Fundamentals (ITF+) and Cloud Essentials in partnership with our esteemed industry partner, Sophies Information Technology Services (SitesPhil) / CompTIA Philippines. Additionally, the IC3 Certification Examination that will be facilitated through our valued industry partner, Innovative Training Works. These certifications will be held at the University of Perpetual Help Molino Computer Laboratory M-209 & M-210 on **May 27-31, 2024 Monday-Friday** this 2nd Semester SY 2022-2023.

The CompTia IT Fundamentals (ITF+) Exam helps students to decide if a career in IT is right for them or to develop a broader understanding of IT also this is the only single certification that covers all areas of IT foundations, creating a broader understanding of IT making it ideal for non-technical professionals. The CompTia CompTIA Cloud Essentials+ is the only internationally recognized, vendor-neutral certification utilizing key business principles and fundamental cloud concepts that validate data-driven cloud recommendations. It stands alone in this field by demonstrating that all necessary staff members – not just the IT specialists – understand how to increase efficiency, manage costs, and reduce security risks for organizations whenever tasked with making current cloud technology decisions.

The IC3 training and certification program covers a broad range of computing knowledge and skills that proves competency in the areas of Computing Fundamentals, Key Applications, and Living Online. This Examination is required for all first year in Information Technology and Computer Science.

An amount of ₱3,784.00 (Three Thousand Seven Hundred Eighty-Four Pesos) that for student who will take the CompTia Training and Examination and an amount of ₱1,150.00 (One Thousand One Hundred Fifty Pesos) that for students who will take the IC3 Examination will be paid by students at the University's cashier for the said examination. The deadline for Payment is on **Date**.

College of Computer Studies

Dear Parents, Greetings!

We are pleased to inform you that the College of Computer Studies will be participating in the 13th I.T. Skills Olympics 2024, which will be held on November 22, 2024, from 7:00 AM to 7:00 PM at the University of Makati, City of Makati. This exciting event, hosted by the College of Computing and Information Sciences of the University of Makati, brings together IT students from across the country to showcase their talents and skills in various fields of information technology.

Now in its 13th year, the I.T. Skills Olympics provides a valuable platform for students to demonstrate their abilities in critical areas such as programming, cybersecurity, web design, networking, PC assembly, and e-sports, as well as newly introduced categories like Linux Administration and Python Programming. The theme of this year's competition, "Augmenting Security Towards the Techno-Utopia," highlights the importance of technological innovation in creating a secure future.

The registration fee for the event is Php 280.00 per participant, which will be paid directly to the UMAK officials. We believe that this competition presents a wonderful opportunity for our students to challenge themselves, enhance their skills, and proudly represent our school on a national platform. It also serves as a meaningful step towards contributing to the ongoing technological revolution and innovation in the Philippines.

College of Computer Studies

Dear Parents,

Greetings!

The College of Computer Studies will conduct a webinar titled "Research and AI Integrated Technologies" on Friday November 29, 2024 from 1:00 PM – 4:00 PM. This event will feature 4th-year students from the College of Computer Studies, who will present their research and capstone projects to 1st to 3rd-year students, including ICT students from Senior High School. The goal of this webinar is to provide an avenue for students to share their innovative research and ideas on Artificial Intelligence (AI) and technology integration. It aims to promote collaboration, enhance the learning experience, and inspire the next generation of students in the fields of AI and technology.

Through this event, students will have the opportunity to gain valuable insights into advanced AI technologies, research methodologies, and the practical application of these concepts in real-world scenarios. It also encourages critical thinking, effective communication, and a deeper understanding of technological advancements.

We are grateful for your continued support and encourage you to stay informed about this exciting event. Your feedback and engagement are invaluable as we work together to create opportunities for growth and academic excellence. Thank you!

College of Computer Studies

Dear Parents,

Greetings!

We are thrilled to inform you that the College of Computer Studies (CCS) will be participating in AppCon 2024, an annual Application Development Contest hosted by OTIS Japan Inc. This prestigious competition invites our 4th-year students to develop innovative web and mobile applications that address pressing social issues in the Philippines.

Our CCS students have formed seven teams, each dedicated to different capstone projects that showcase their creativity and technical skills. This event not only presents a valuable opportunity for our students to push their boundaries but also allows them to contribute meaningfully to society.

By participating in AppCon 2024, students will establish their professional reputation and enhance the prestige of our college. They will gain invaluable industry exposure and collaborate with peers and industry experts, all while tackling real-world challenges that affect our community.

The registration for the competition runs from July 8, 2024, to November 29, 2024, with the event concluding on June 28, 2025. We encourage all eligible students to engage fully in this opportunity to showcase their innovation and commitment to social impact. This competition offers opportunities for all 4th Year CCS students to push their limits, establish their reputation, enhance their schools' prestige, and contribute to society by addressing social issues in the Philippines. Thank you!

College of Computer Studies

Dear Parents,

The Junior Philippine Computer Society Student Council, in collaboration with the College of Computer Studies, will be conducting a meaningful event titled **Gift of Hearts: Embracing the Christmas Gift-Giving Spirit** as part of our Community Outreach Program for the Christmas season. This initiative, set during the first semester of S.Y. 2024-2025, seeks to bring relief and joy to families in need, including those adopted families.

The event is scheduled to take place on **Wednesday, December 4, 2024**, from **1:00 PM to 5:00 PM**, at **Room 203, Main Building, UPHSD Molino**. It will benefit **15 adopted families** who will receive **Noche Buena Bundle foods**, ensuring they can celebrate a warm and joyful Christmas with their loved ones.

In addition to the gift-giving, we will host a seminar titled **TechTutor Part 2: Empowering Communities with AI-Enhanced IT Skills**. This seminar aims to provide participants with essential IT skills, focusing on the integration of AI tools to promote digital empowerment and better their lives. We humbly invite your support in making this outreach program a success. Your contributions, whether in-kind or through encouragement, will help us make this initiative a meaningful experience for everyone involved.

Thank you for your unwavering support as we work together to inspire a spirit of giving and bring the true essence of Christmas to our community.

Dear Parents,

College of Computer Studies

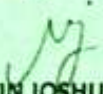

Greetings!

The College of Computer Studies will conduct the IT Specialist (ITS) Certification Exam 2024 in partnership with Innovative Training Works. The exam will take place at the University of Perpetual Help Molino campus on December 9, 2024, from 8:00 AM to 5:00 PM, in Computer Laboratory Room 209, during the 1st Semester of SY 2024-2025.

The IT Specialist Certification Program is an educational and certification initiative designed to prepare students with the necessary skills to thrive in the ever-growing field of Information Technology (IT). This program offers comprehensive coverage of key IT areas, focusing on Networking Security, HTML and CSS, and Python programming. These areas are critical for ensuring that students can address realworld challenges such as securing networks from cyber threats, developing responsive and well-designed websites, and utilizing Python for automation, data analysis, and problem-solving.

To support the certification process, students are required to pay a total of **₱1,150.00** ((One Thousand One Hundred Fifty Pesos)), which includes **₱950.00** for the ITS examination fee and **₱200.00** for the computer laboratory fee to cover the use of facilities during the examination. A minimum of 150 students is expected to take part in this certification exam, reflecting the growing interest in IT certification as a pathway to career success. An amount of **₱1,150.00** (One Thousand One Hundred Fifty Pesos) will be paid by students at the University's cashier for the IT Specialist examination will be paid by students at the University Cashier.

Dear Parents,

Greetings!

The College of Computer Studies will be having an onsite Student Orientation for 2nd Semester with the theme "Game On: Shaping Your Path in the Evolving World of Information Technology" this coming Tuesday, February 4, 2025, from 1:00 PM to 4:00 PM at IHM Building - Function Room. The event aims to provide students with essential information about upcoming events, IT-related examinations, and key college activities. This orientation is designed to ensure that all students are well-prepared for the semester, offering insights into how to effectively manage their academic and career pursuits in the evolving field of IT. We are hoping for your full participation in this event. Your presence is much appreciated. Your knowledge and opinions on our upcoming activities will aid us in making decisions and taking the appropriate action. Thank you!

Dear Parents,

Greetings!

The College of Computer Studies will conduct **CCS Days 2025**, a dynamic and competitive event with the theme "*Shaping Learners to Leaders - Innovate, Compete, Succeed!*" This highly anticipated week-long celebration will take place on **April 21, 22, 23, 2025**, from **9:00 AM to 5:00 PM** at the University of Perpetual Help System Dalta.

This event will feature a series of competitions that aim to challenge students' technical skills, strategic thinking, and teamwork. Participants will have the opportunity to engage in various contests and tournaments that promote excellence, collaboration, and professional growth. CCS Days 2025 is designed to encourage students to push their limits, develop their abilities, and foster a spirit of healthy competition.

We are hoping for your full participation in this event. Your presence is much appreciated. Your knowledge and opinions on our upcoming activities will aid us in making decisions and taking the appropriate action. Thank you!

H8. ACTIVITY REPORT S.Y 2024-2025

ACTIVITY REPORT FORM

I. ACTIVITY DETAILS:

Title of the Activity: College of Computer Studies 1st Semester Student Orientation S.Y 2024-2025: "Future Proofing Your Career: Navigating the A.I. Revolution"	Date: Monday, September 30, 2024
Nature of Activity: Orientation	Time: 1:00 PM to 4:00 PM
College/Department: College of Computer Studies	Venue: UPHSD Molino - New Gymnasium
Dean/Faculty in-charge/Officer in- charge Dolores Montesines	Contact Numbers:
Total number of participants: 180	

II. OBJECTIVES:

OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
1. To introduce the CompTia examinations that help students to certification for their career.	1. The student will Understand the significance of CompTIA examinations in obtaining career certifications and will gain awareness of the different CompTIA certifications available and their relevance to various career paths.
2. To discuss the advantages of being a leader and encourage students to be part of one organization.	2. The students will Understand the essential qualities and skills required to be an effective leader Explore various leadership opportunities available within our Department.
3. To discuss the Calendar Activities for this second semester.	3. The students will be more familiarize with the calendar activities scheduled for the second semester and will understand the purpose and objectives behind each activity or event.
4. To address the participants' concerns and inquiries	4. This will help the students to provide a platform for participants to voice their concerns, questions, and inquiries

III. EVALUATION: (Make sure to have three answers for the strengths and weaknesses.)
Weaknesses must have corresponding recommendations.

Strengths	Weaknesses	Recommendation
The orientation included interactive activities, such as Q&A sessions, group discussions, and hands-on demonstrations, which made the event more engaging and memorable for students.	The Q&A sessions could have been longer to allow students to ask more questions and clarify their doubts.	Increase the duration of Q&A sessions or incorporate additional Q&A opportunities throughout the orientation.
The orientation featured presentations by industry professionals and academics who provided valuable insights into the impact of AI	The general assembly began later than the scheduled time.	Ensure that the general assembly starts promptly at the designated time in the future.

on the job market and career paths.		
The orientation received positive feedback from students, who appreciated the informative content and engaging format.	While the orientation provided a good overview of AI, there could have been more opportunities for students to directly interact with AI tools and technologies.	Integrate more practical exercises and workshops where students can experiment with AI tools, such as machine learning models or natural language processing applications.

ACTIVITY REPORT FORM

I. ACTIVITY DETAILS:

Title of the Activity: College of Computer Studies 12th International Webinar S.Y 2024-2025: "Artificial Intelligence and Its Application"	Date: Tuesday, November 19, 2024
Nature of Activity: Webinar	Time: 1:00 PM to 4:00 PM
College/Department: College of Computer Studies	Venue: FB Live/ Zoom
Dean/Faculty in-charge/Officer in- charge Engr. Val Patrick Fabregas	Contact Numbers:
Total number of participants: 150	

II. OBJECTIVES:

OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
1. To understand the fundamental concepts and principles of Artificial Intelligence, including machine learning, neural networks, and natural language processing.	1. The students will define Artificial Intelligence and explain its significance in modern technology.
2. To discuss the ethical considerations and societal impacts of AI, including bias in algorithms, privacy concerns, and job displacement.	2. The students will be able to identify AI techniques and determine their suitability for tasks.
3. To learn about the stages of AI model development, from data collection and preprocessing to model deployment and maintenance.	3. The students will apply AI algorithms to address issues, such as categorizing images or understanding language.
4. To Gain practical experience through coding exercises, AI projects, and working with AI development tools.	4. The students will evaluate the effectiveness of AI models using metrics and evaluation methods.

III. EVALUATION: (Make sure to have three answers for the strengths and weaknesses.)
Weaknesses must have corresponding recommendations.

Strengths	Weaknesses	Recommendation
The webinar covers a broad range of relevant AI topics, including fundamental concepts, ethical considerations, and practical applications, offering a well-rounded learning experience.	A virtual format may limit real-time interactions and personalized engagement between participants and speakers.	Incorporate breakout sessions or Q&A segments to foster interaction and ensure participants can clarify doubts directly with the speakers.
Inclusion of hands-on coding exercises and AI projects provides students with	The absence of clear contact numbers for the faculty in charge might make it difficult	Include complete contact details of the faculty in charge for easy

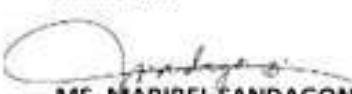

valuable real-world experience, enhancing their understanding and skills in AI development.	for participants to seek clarifications or assistance.	communication, ensuring better support for participants.
The use of FB Live and Zoom ensures accessibility for a large number of participants, accommodating different learning preferences and locations.	While the basics are well-covered, there is minimal mention of advanced AI applications, such as generative AI, reinforcement learning, or industry-specific use cases.	Allocate time for discussing cutting-edge AI technologies and industry-specific examples to inspire participants and provide a more future-focused perspective.

ACTIVITY REPORT FORM

I. ACTIVITY DETAILS:

Title of the Activity: Webinar: Research and AI integrated Technologies	Date: Friday, November 29, 2024
Nature of Activity: Webinar	Time: 1:00 PM to 4:00 PM
College/Department: College of Computer Studies	Conference Website: Via Zoom Link
Dean/Faculty in-charge/Officer in- charge Engr. Val Patrick Fabregas	Contact Numbers:
Total number of participants:	150

II. OBJECTIVES:

OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
1. To assess students' understanding and application of research methodologies, AI technologies, and their practical integration into capstone projects.	1. Students will gain a deeper understanding of how AI is applied in real-world scenarios through the research and capstone projects presented by their senior peers.
2. To provide students with valuable insights into cutting-edge AI and technology trends, equipping them with knowledge and skills relevant to their academic and professional growth.	2. Will develop skills in researching and presenting complex topics related to AI, fostering their ability to communicate technical ideas effectively to a diverse audience.
3. To promote collaboration and the sharing of best practices in AI research and development, encouraging effective problem-solving, innovation, and knowledge transfer among students.	3. Students will learn to critically assess innovative AI solutions, helping them think critically about how to address real-world problems with advanced technologies in their future studies and careers.

III. EVALUATION: (Make sure to have three answers for the strengths and weaknesses.)
Weaknesses must have corresponding recommendations.

Strengths	Weaknesses	Recommendation
This webinar boosts my confidence to engage more with research conferences.	Too overwhelming webinar session.	Include some ice breakers or entertaining commercial break.
The webinar showcases interesting researches which are concurrent in IT world.	Too much PowerPoint slide presentation to some speakers.	Kindly put it in a concise manner so as to save time to others.
It also includes some pointers which definitely help my groupmates and I towards the challenges of thesis writing.	Minor issue regarding technical difficulties.	I think its better to have this with onsite seminar.

I. ACTIVITY DETAILS:

Title of the Activity: Gift of Hearts: Embracing the Christmas Gift-Giving Spirit	Date: Wednesday, December 4, 2024
Nature of Activity: Community Outreach Program	Time: 1:00 PM to 4:00 PM
College/Department: College of Computer Studies	Venue: RM 203 Main Building UPHSD Molino
Dean/Faculty in-charge/Officer in- charge Engr. Val Patrick Fabregas	Contact Numbers:
Total number of participants: 14 Adopted Families	

II. OBJECTIVES:

Objective/s	Outcomes (Benefits of Clients)
1. Provide Noche Buena Bundle foods and essentials to 15 adopted families, typhoon victims in Cavite, and indigent families in Mt. Batulao, spreading hope and joy during the Christmas season.	Beneficiaries will feel supported and valued, experiencing a stronger sense of community and enjoying a meaningful Christmas celebration with their families.
2. Conduct the seminar TechTutor Part 2: Empowering Communities with AI-Enhanced IT Skills, equipping participants with practical digital skills for everyday applications.	Participants will gain essential IT skills, including AI tools, to improve their digital literacy and enhance their ability to use technology for personal and professional tasks.
3. Cultivate the spirit of compassion and social responsibility among students by involving them in impactful community outreach activities.	Students will develop a deeper understanding of social responsibility, demonstrating empathy and a commitment to giving back to the community.
4. Promote collaboration among the Junior Philippine Computer Society Student Council, faculty, and students to organize meaningful community service programs.	Organizers and participants will enhance their teamwork, communication, and event management skills, fostering a collaborative spirit in organizing future community initiatives.
5. Encourage the use of technology to empower communities, bridge digital literacy gaps, and foster sustainable development and innovation.	Participants will recognize the potential of technology as a powerful tool for community empowerment, sustainable development, and solving real-world problems.

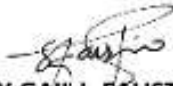

III. EVALUATION: (Make sure to have three answers for the strengths and weaknesses.)
Weaknesses must have corresponding recommendations.

Strengths	Weaknesses	Recommendation
The program aims to bring joy and hope to beneficiaries by providing them with Noche Buena bundles.	The event began later than the scheduled time.	Ensure that the event starts promptly at the designated time in the future.
The program can serve as a model for future community outreach initiatives, inspiring	The discussion went on for too long, and some	Provide an icebreaker or an activity to get the attention of the participants.

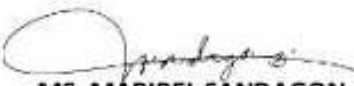

students to engage in volunteer work and promoting a culture of giving back within the organization.	participants were not paying attention with the speakers.	
The program encourages collaboration among the Junior Philippine Computer Society Student Council, faculty, as well as the participation of the adopted families.	The program could potentially reach more beneficiaries by partnering with other organizations or expanding its scope.	Consider expanding the reach of the program by partnering with other organizations or targeting a larger number of beneficiaries.

ACTIVITY REPORT FORM

I. ACTIVITY DETAILS:

Title of the Activity: CCS Days 2025: "Shaping Learners to Leaders - Innovate, Compete, Succeed!"	Date: April 21, 22, 23, 24 & 28 2025
Nature of Activity: Department Celebration Event	Time: 9:00 AM to 4:00 PM
College/Department: College of Computer Studies	Venue: New Gym, Old Gym, Comp Lab 209 & 210, RM 203, University Field, Mac Lab
Dean/Faculty in-charge/Officer in- charge Engr. Val Patrick Fabregas	Contact Numbers:
Total number of participants:	200

II. OBJECTIVES:

OBJECTIVE OF THE ACTIVITY	LEARNING OUTCOMES
1. To challenge students' technical skills, strategic thinking, and teamwork through various competitions.	1. Students will demonstrate enhanced technical skills, strategic thinking, and teamwork by actively participating in various competitions.
2. To encourage innovation and creativity in solving real-world IT challenges	Students will apply innovative approaches and creative problem-solving techniques to real-world IT challenges.
3. To foster a spirit of healthy competition that promotes collaboration and professional growth.	Students will develop a collaborative mindset and professional growth by engaging in healthy competition.
4. To inspire students to develop leadership qualities and strive for excellence in their respective fields.	Students will cultivate leadership qualities and a drive for excellence, preparing them for future roles in the tech industry.

III. EVALUATION: (Make sure to have three answers for the strengths and weaknesses.)
Weaknesses must have corresponding recommendations.

Strengths	Weaknesses	Recommendation
The events and competitions were well-aligned with the interests of CCS students	There weren't enough working computers or specialized equipment for certain activities, causing delays or limited participation.	Upgrade the computer lab's equipment to enable e-game participation for more students.

Students' skills in various areas, like technical support, design, and hosting, were effectively utilized.	Sometimes, instructions for games or activities weren't clearly articulated, leading to confusion among participants.	Conduct brief, clear orientations or provide written instructions before each activity begins.
Students who participated in the event showed enthusiasm.	Information about the event and its schedule was not disseminated well, resulting a few number of students.	Inform students at an earlier date so they can have a longer decision period to join the event.

Name of Student: Jenny Gail I. Faustino	Course/Year level BSIT – 4 th Year	ID Number 20-1164-593
College/Department: College of Computer Studies	Faculty in-charge: Dolores Montesines	
Period Covered: 1:00 PM to 4:00 PM	Day: Monday, September 30, 2024	Venue: UPHSD Molino - New Gymnasium
Title of the Activity: College of Computer Studies 1st Semester Student Orientation S.Y 2024-2025: "Future Proofing Your Career: Navigating the A.I. Revolution"		

II. Activity Progress Notes:

Date: Monday, September 30, 2024	Observation (not less than 3)	Learnings (not less than 3)
	1. The general assembly got students really involved with fun activities, Q&A sessions, and group discussions. Everyone seemed really interested in what was talked about. 2. The assembly explained tricky AI concepts in a simple way, so students with different tech backgrounds could understand. 3. The organizers did a great job sharing info through email, social media, and posters, so lots of students knew about it and joined in.	1. The general assembly underscored the need for students to develop AI literacy, including understanding AI concepts, applications, and ethical considerations, to thrive in the evolving job market. 2. Working with industry pros and organizations can give students great insights into AI trends, careers, and skills. 3. The ITS examination can help students develop skills that will be valuable for their future careers in the IT industry.

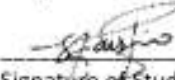

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

The "Future Proofing Your Career" assembly was a great learning experience, offering insights into how AI is changing the job market. Despite a small delay at the start, the event explained AI concepts clearly, catching students' interest and emphasizing the need for adaptability and lifelong learning. The assembly also discussed the ITS examination that could be beneficial for the IT students especially in their future careers in the IT field. The high engagement and positive feedback show that the assembly addressed student concerns about the future of work and provided useful guidance.

To make future events even better, adding hands-on activities and building stronger ties with industry professionals could further prepare students for the revolution of AI.

Title of the Activity: College of Computer Studies 12th International Webinar: "Artificial Intelligence and Its Application"		

II. Activity Progress Notes:

Date: Monday, September 30, 2024	Observation (not less than 3)	Learnings (not less than 3)
	1. To understand the fundamental concepts and principles of Artificial Intelligence, including machine learning, neural networks, and natural language processing. 2. To discuss the ethical considerations and societal impacts of AI, including bias in algorithms, privacy concerns, and job displacement. 3. To learn about the stages of AI model development, from data collection and preprocessing to model deployment and maintenance. 4. To Gain practical experience through coding exercises, AI projects, and working with AI development tools.	1. The students will define Artificial Intelligence and explain its significance in modern technology. 2. The students will be able to identify AI techniques and determine their suitability for tasks. 3. The students will apply AI algorithms to address issues, such, as categorizing images or understanding language. 4. The students will evaluate the effectiveness of AI models using metrics and evaluation methods.

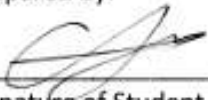

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

The "Artificial Intelligence and Its Application" webinar organized by the College of Computer Studies provides a strong foundation for students to explore the dynamic and rapidly evolving field of AI. Its focus on fundamental concepts, ethical considerations, and practical applications ensures a well-rounded approach to understanding AI. The inclusion of interactive and project-based learning is commendable, as it bridges the gap between theoretical knowledge and real-world applications.

However, the virtual format may limit participant engagement, and the scope could benefit from a deeper dive into advanced AI technologies to broaden the participants' perspectives. Addressing these areas and improving accessibility through detailed communication channels could further enhance the webinar's impact.

Overall, the webinar is a valuable initiative that equips students with critical insights and skills, setting a strong foundation for future exploration and innovation in the field of AI.

Title of the Activity: Gift of Hearts: Embracing the Christmas Gift-Giving Spirit		

II. Activity Progress Notes:

Date: Monday, September 30, 2024	Observation (not less than 3)	Learnings (not less than 3)
	1. The program seeks to offer not just material support but also to create a sense of community and connection among beneficiaries through the spirit of giving and receiving during the holiday season. 2. The event showcased the transformative potential of technology in uplifting communities. 3. The council and faculties did a great job in organizing the event.	1. Celebrating and embracing the values of generosity not just in the holidays but also throughout the year. 2. The speaker taught the value of AI in the modern age showcasing on how to integrate the AI in daily lives. 3. The importance of using technology to help other communities just to be able to recognize on how to use AI in a proper way.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

The community outreach program, "Gift of Hearts: Embracing the Christmas Gift-Giving Spirit," successfully offered support to vulnerable families while building a sense of community and connection. It showcased how technology can uplift communities and inspired students to embrace generosity and social responsibility. Overall, the "Gift of Hearts" program was a meaningful and impactful initiative that demonstrated the power of community engagement and the positive impact that students can have on society. It serves as a model for future outreach programs and encourages continued efforts to address community needs and promote social responsibility.

LEARNING JOURNAL FORM

I. Activity Details:

Name of Student: Daphne Lois Gustilo	Course/Year level BSIT – 2nd Year	ID Number 21-0761-414
College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: 8:00 AM – 5:00 PM	Day: Monday, December 9, 2024	Venue: UPHSD – Computer Laboratory RM 209
Title of the Activity: IT Specialist (ITS) Certification Exam 2024		

II. Activity Progress Notes:

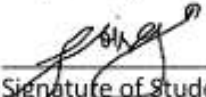

Date: Monday, December 9, 2024	Observation (not less than 3)	Learnings (not less than 3)
	1. Even though there were a few minor technical issues, the certification exam was successful. 2. Everything about the certification exam went successfully. 3. Students are committed to passing the certification test.	1. Students may improve their technological skills by taking the certification exam. 2. Taking the certification exam seriously is essential. 3. Students are made aware that they need to be more accountable for their education.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

Taking the exam itself can be extremely stressful. Although feeling nervous is acceptable, this stress frequently leads to a significant insight into your own fortitude. When you do well, it can also give you greater confidence; if the results are not what you were hoping for, it can even inspire you to learn more. Either way, you leave with a better understanding of where you are and where you want to go with your development.

LEARNING JOURNAL FORM

I. Activity Details:

Name of Student: Daphne Lois Gustilo	Course/Year level: BSIT-2	ID Number: 21-0761-414
College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: 1:00 PM to 4:00 PM	Day: Tuesday, February 5,2025	Venue: UPHSD Molino - New Gymnasium
Title of the Activity: College of Computer Studies Students' 2 nd Semester General Orientation S.Y 2024-2025: "Game On: Shaping Your Path in the Evolving World of Information Technology"		

II. Activity Progress Notes:

	Observation (not less than 3)	Learnings (not less than 3)
Date: Tuesday, February 5,2025	1. Students participated in enjoyable activities during the general assembly, and everyone appeared to be quite interested in the topics discussed. 2. The orientation featured detailed presentations about the resources available to students throughout their college journey. 3. The orientation highlighted the rapid development of the IT industry and emerging technologies like AI, cybersecurity, and data analytics.	1. Participating in student organizations and IT related competitions or projects helps students not only improve technical abilities but also develop soft skills such as communication, leadership, and collaboration. 2. Students were introduced to current trends in IT such as artificial intelligence, cybersecurity, data science, and cloud computing. This helped them understand how rapidly the tech industry is evolving and what skills will be in high demand. 3. Students can get skills from the Microsoft exam that will benefit them in their future employment in the field of IT.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

Attending the College of Computer Studies' 2nd Semester General Orientation for the school year 2024–2025 was both an eye-opening and inspiring experience. The theme, "Game On: Shaping Your Path in the Evolving World of Information Technology," perfectly captured the spirit of the event—motivating students to be proactive, adaptive, and strategic in navigating their academic and professional journey in the field of IT. One of the most impactful aspects of the orientation was the emphasis on how quickly the information technology landscape is evolving.

With the rise of artificial intelligence, cloud services, cybersecurity, and data science, we are entering an era where change is constant and learning never stops.

I. Activity Details:

Name of Student: Alliyah Angela Miranda	Course/Year level: BSIT-3	ID Number: 20-0452-469
College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: Tentative	Day: December 2024 – May 2025	Venue: BJMP Bacoor City Facility
Title of the Activity: Onsite Digital Literacy with AI Integration at BJMP Bacoor City		

II. Activity Progress Notes:

	Observation (not less than 3)	Learnings (not less than 3)
Date: Day 1: February 5, 2025	1. The participants were attentive and asked relevant questions. 2. The dean demonstrated Canva features clearly. 3. Some participants struggled at first but improved quickly with student council assistance	1. Learned how to use Canva's tools and templates. 2. Understood the principles of logo design. 3. Gained confidence in creating simple business logos.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

On the first day of the BJMP COP, our dean led a training session for ten BJMP personnel focused on using Canva and designing business logos. The participants showed great enthusiasm and willingness to learn, despite some of them being new to the platform. The session was informative and interactive, allowing them to explore Canva's features and understand the basics of visual branding. It was inspiring to see how quickly they adapted and applied their new skills. Overall, the experience was fulfilling, and we look forward to seeing their continued progress in the coming days.

Period Covered: Tentative	Day: December 2024 – May 2025	Venue: BJMP Bacoor City Facility
Title of the Activity: Onsite Digital Literacy with AI Integration at BJMP Bacoor City		

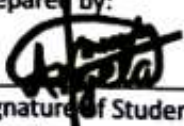

II. Activity Progress Notes:

	Observation (not less than 3)	Learnings (not less than 3)
Date: Day 2: February 26, 2025	1.Participants listened actively and followed along with the demo. 2.Prof. Malito answered questions and clarified doubts patiently. 3.The activity was hands-on and allowed participants to explore animations freely.	1.Learned how to apply entrance, emphasis, and exit animations. 2.Discovered how to customize animation timing and effects. 3.Understood how animations can enhance communication and viewer interest.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

During the second day of the BJMP COP, Sir Roberto Malitao taught the participants how to effectively use Microsoft PowerPoint. The session focused not only on the basics of slide creation but also on adding animations and transitions. Sir Malitao patiently demonstrated the various animation types and encouraged the participants to explore the tools on their own. This hands-on activity sparked their curiosity and creativity, as they experimented with different animation effects to enhance their slides. It was clear that the participants gained new presentation skills and a deeper appreciation of how digital tools can improve visual communication.

College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: Tentative	Day: December 2024 – May 2025	Venue: BJMP Bacoor City Facility
Title of the Activity: Onsite Digital Literacy with AI Integration at BJMP Bacoor City		

II. Activity Progress Notes:

Date: Day 3: March 19, 2025	Observation (not less than 3)	Learnings (not less than 3)
	1. Participants are interested in learning about I.T 2. Engr. Val discussed the topic in a way that participants can understand well. 3. The activity is interesting for them to make their own website using Google Sites	1. They learned how to use Google Site 2. They learned that they can use this to make website and can share to make it as a Business in a field of IT 3. They learned to be creative in making a website to make it interactive for other user.

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

On the 3rd day of the BJMP COP Event, Engr. Val Fabregas delivered an insightful talk on how individuals can leverage their IT skills to earn income by creating websites. He began his presentation by introducing Google Sites, a user-friendly platform that allows even beginners to design and publish professional looking websites without the need for coding experience. Engr. Fabregas demonstrated the step-by-step process of setting up a Google Site—from choosing a template and customizing content, to publishing the final product online. His talk inspired participants to explore digital entrepreneurship as a viable source of income using accessible tools and skills.

College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: 1:00 PM to 4:00 PM	Day: Monday, April 7, 2025	Venue: IHM Function Room & Facebook Live
Title of the Activity: Stay Sharp, Stay Secure: A Seminar on Mastering Cybersecurity		

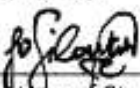

II. Activity Progress Notes:

	Observation (not less than 3)	Learnings (not less than 3)
Date: Monday, April 7, 2025	1. Cyber threats increasingly targets everyday users 2. Many data breach result from simple mistakes 3. Responsible digital behavior	1. We must stay alert on the threats warning signs and understand how to avoid them 2. Implementing some basic security practices and standards aid your digital privacy 3. Being involved in digital space, means, that we should be cautious, alert, and wary about the things and links we have seeing

III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

This seminar opened my eyes to the various growing dangers in the digital space. It made me realize that any simple mishaps will result in an unfortunate event. As such, on the course of the whole webinar, the speaker gave useful and applicable tips, safeguarding my online identity. More importantly, the seminar stressed how crucial it is to become a responsible digital citizen. Overall, it armed me with precious information and tools needed for a more proactive steps in protecting and safeguarding my digital presence.

College/Department: College of Computer Studies	Faculty in-charge: Engr. Val Patrick Fabregas	
Period Covered: 9:00 AM to 4:00 PM	Day: April 18, 19, 21, 22, 23, 2025	Venue: New Gym, Old Gym, Comp Lab 209 & 210, RM 203, University Field, Mac Lab
Title of the Activity: CCS Week 2025: "Shaping Learners to Leaders - Innovate, Compete, Succeed!"		

II. Activity Progress Notes:

Date: April 18, 19, 21, 22, 23, 2025	Observation (not less than 3)	Learnings (not less than 3)
	1. Significant technical issues arose with internet connectivity and specific software during competitions. 2. Communication regarding schedule changes or activity updates during the event was sometimes delayed. 3. Students felt much more positive and engaged when faculty members were present at the event.	1. Students prefer interactive, skill-based challenges and entertainment. Future events should either focus on these or make academic topics more engaging. 2. To ensure all students feel enjoyment, keep creating ways for them to use their different skills, not just coding ones. This helps everyone feel not stressed about academics. 3. Encourage and facilitate faculty presence and informal interaction with students

		during the event. Even brief appearances can make students feel more supported and connected to their department.
--	--	---

- III. Over-all Reflection (The reflection must be written in a narrative form not less than 5 sentences.)

The recent College of Computer Studies (CCS) Days event has concluded, and it proved to be a highly engaging experience. the gaming tournament generated considerable enthusiasm. The visible presence and support of faculty members also contributed positively to a relaxed and encouraging atmosphere. Despite the minor challenges, the event's overall success was evident. It effectively showcased the talents within the CCS student body, extending beyond purely technical proficiencies to include organizational, design, and promotional skills. This aspect significantly contributed to a reinforced sense of community and belonging within the department. Overall, CCS Days was a valuable and successful initiative.

Stimulated participants interest	5	4	3	2	1
Explained clearly and made the topic easy to understand	5	4	3	2	1

Result: 4.25

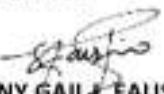

Comments/Suggestions:

Here are some personal comments and suggestion from the participants:

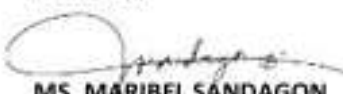

"It was a entertaining and nice general assembly" "The speech about AI was knowledgeable." "Nothing so far; at least the assembly meets its important objectives." "The program was smooth and entertaining." "The general assembly was much appreciated, despite the delay." "The resource speaker's speech was informative, but I felt that much of the content could easily be found online. It would be nice to have future talks that focus more on real-life examples and practical insights." "none, it was good because there were performances after the talk."

"I suggest fostering further liveliness in the presentation whilst being concise as to not drag out too much time. The emcee did really well with the introduction. However, the overall program was a bit messy. Having 2 emcees converse infront of the stage, sharing humorous dialogues inbetween presentations, intermission numbers, and announcements might make the audience feel more involved. One way to do it is to involve students who can volunteer in exchange for additional grades."

Comments/Suggestions:

Here are some personal comments and suggestion from the participants:

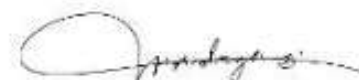

"I liked this webinar more than the last one. The speaker spoke in an engaging way that enticed us to learn about the topic." "The webinar is perfect and everything was well delivered that I understand the topic" "it was a great webinar" "Everything looks good to me, no further suggestions." "The whole seminar was good overall, especially the speakers." "I liked this webinar more than the last one. The speaker spoke in an engaging way that enticed us to learn about the topic."

"For this kind of seminar, i prefer to have a f2f interaction for a more in-depth learning instead of videos" " Use Microsoft PowerPoint to avoid lag during the presentation. You might also consider adding more breaks at regular intervals to prevent everyone from getting tired." I suggest that the video that will be chosen was in english language because in the webinar they only play video with chinese dialect and some students like me will not understand" "Nothing to suggest so far, just minor issues like audio and internet connection. The program delivered its objective to its fullest."

EVALUATION FORM

College of Computer Studies "Stay Sharp, Stay Secure: A Seminar on Mastering Cybersecurity"

Date: Monday, April 7, 2025

Please indicate your rating of the program in the categories below by circling the appropriate number, using the following scale:

- 5 – Extremely Satisfied
- 4 – Satisfied
- 3 – Neutral
- 2 – Dissatisfied
- 1 – Extremely Dissatisfied

Level of Satisfaction

Sending of an Invitation	5	4	3	2	1
Opening Program	5	4	3	2	1
Whole Conduct of Program	5	4	3	2	1

Result: 4.32

Please indicate your rating of the program in the categories below by circling the appropriate number, using the following scale:

- 5 – Extremely Satisfied
- 4 – Satisfied
- 3 – Neutral
- 2 – Dissatisfied
- 1 – Extremely Dissatisfied

Generally, the speaker is

Knowledgeable and prepared	5	4	3	2	1
Presentation was clear and organized	5	4	3	2	1
Stimulated participants interest	5	4	3	2	1
Explained clearly and made the topic easy to understand	5	4	3	2	1

Result: 4.38

Comments/Suggestions:

Here are some personal comments and suggestions from the participants:

"It was an insightful and engaging session that truly resonated with students in the IT and CS fields. The resource speaker demonstrated exceptional interactivity, ensuring that key concepts about cybersecurity threats were not only well-explained but also deeply understood. Their wealth of knowledge and practical insights proved invaluable, providing attendees with essential tools to navigate the evolving digital security landscape. It was a session filled with valuable takeaways, reinforcing the importance of staying vigilant and continuously learning in the field of cybersecurity."

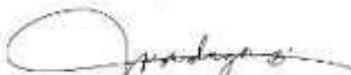

"More cybersecurity seminars like this"

"The seminar was engaging and fun. The quizzes were easy and fun. Overall it was fun and i dont have any suggestions"

Comments/Suggestions:

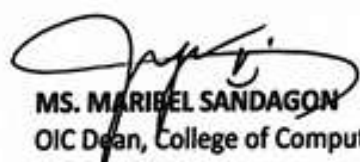

Here are some personal comments and suggestion from the participants:

"The effort that was put into this is highly appreciated. there's always room for improvement. thank you." "They should add more games" "I missed the CCS uweek rules since I'm not active on facebook. It might be a good idea to pin them in the group chat as well." "They need a better bracket and follow the rules" "Sana may cash prize na ulit next CCS Week <3" "How about it will become Lan tournament in esports" "Needs a better venue" "More games/sports to participate in." "Price money pls" "add valorant tournament again next year" "Overall satisfying event." "more physical activities as we know we always sit and code" "Nothing in particular. However, it is difficult to do it if a person who is cramped in the front seat and has bad manners sits nearby." "For prizes, we suggest a mix of CCS-themed merchandise like shirts, tote bags, and mugs; academic incentives such as bonus points or quiz exemptions from professors; and practical tech items or gift cards to keep students motivated and engaged."

COLLEGE OF COMPUTER STUDIES COUNCIL A.Y. 2024-2025

**BOARD RESOLUTION FOR WITHDRAWING FUNDS FROM THE STUDENT COUNCIL
BUDGET**

RESOLUTION:

The College of Computer Studies (CCS) will participate in the 13th I.T. Skills Olympics 2024 on November 22, 2024, from 7:00 AM to 7:00 PM at the University of Makati, City of Makati. This much-anticipated event, hosted by the College of Computing and Information Sciences of the University of Makati, aims to showcase the talents of students from across the Philippines. With the theme, "Augmenting Security Towards the Techno-Utopia", this event emphasizes the critical role of technological innovation in building a secure future. The categories include programming, cybersecurity, web design, networking, PC assembly, e-sports, and the newly introduced Linux Administration and Python Programming.

The CCS Council will withdraw **₱2,000.00** from its council funds to cover transportation expenses for the 19 students and 3 faculty members who will represent the College of Computer Studies at the event.

Breakdown of Expenses:

- **Number of participants (students and faculty):** 22 participants
- **Transportation:**
 - **Van request – Toll Fee and Food for Driver = ₱1,000.00** (c/o Council Funds)
 - **Engr. Roberto Malitao's Car (Toyota Innova) – Toll Fee and Gas = ₱1,000.00** (c/o Council Funds)
- **Total transportation cost: ₱2,000.00**

**BOARD RESOLUTION FOR WITHDRAWING FUNDS FROM THE STUDENT COUNCIL
BUDGET**

RESOLUTION:

The College of Computer Studies (CCS) will hold the IT Specialist (ITS) Certification Exam on November 18, 2024, from 8:00 AM to 5:00 PM at the UPHSD Computer Laboratory M-209. Students will pay ₱1,150.00, which includes ₱950.00 for the exam and ₱200.00 for other expenses. Around 150 students are expected to participate.

The CCS will withdraw **₱3,120.00** from its council funds to cover meals for the 6 committee members and 7 faculty members assisting with the event. This will include AM snacks, lunch, and PM snacks.

Breakdown of Expenses:

- Number of participants (committee and faculty): **13 participants**
- Meal cost: **₱80.00 per participant**
- Meals provided: **AM snack, Lunch, and PM snack**
- Total cost: **₱80.00 x 13 participants x 3 meals = ₱3,120.00** Signed this 18th of

WHEREAS, The University Bank shall be the official bank to maintain the College of Computer Studies Council funds for SY 2024-2025 and thereafter.

WHEREAS, Article XIV, SECTION 6, of the CCS Constitution stipulates that no funds of the CCS Council shall be released without a resolution passed to the School Director's Office.

WHEREAS, ARTICLE XIV, SECTION 7, of the CCS Constitution emphasizes that the funds be allocated for legitimate purposes upon consultation with the respective adviser.

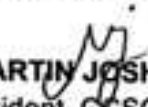

WHEREAS, the CCS Council Dean/Adviser and Treasurer will be the bank's signatories, and at least two signatories are required for any withdrawal: the CCS Dean/Adviser and the Treasurer.

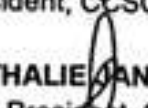

WHEREAS, the College of Computer Studies Council has duly ratified this matter with the adviser's approval.

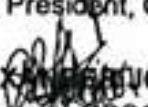

NOW, THEREFORE, BE IT RESOLVED, AS IT IS HEREBY RESOLVED,

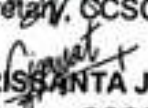

1. The College of Computer Studies Council will be withdrawing an allocating budget of PHP 3,000 from our organizational fund to temporarily shoulder the remaining balance of the jerseys of the CCS Players participating in the U-Week, due to the manufacturer not releasing the jerseys unless fully paid.
2. The funds shall be utilized exclusively to cover the expenses for the event mentioned above.
3. The adviser shall scrutinize the allocation of funds and subsequent expenses to ensure that they are in line with the legitimate purpose
